

COPPER CUP COFFEE CAMPAIGN

Build Your **AI Marketing** Team with Agents.

A coffee campaign you can build and review

Albert Chan + Onigiri
(Personalized ChatGPT Dot)

Work, Codex, and Dot

01

ChatGPT Work

Multi-step business deliverables

02

Codex

Files, websites, and software

03

Dot

Ongoing coordination across projects

The output and environment guide the handoff

Accounts and access

Before the full demo

ChatGPT desktop app and Work access

A visible Dot and project access

Image generation and Google Drive

Check rollout and permissions before class

For connected steps

Slack messaging connection

Notion calendar connection

Sites access for an approved launch

Onigiri receives the campaign role

KICKOFF PROMPT

Give Onigiri the Copper Cup project context and ask it to coordinate drafts, local previews, and review decisions.

Copy the full prompt from speaker notes.

Recording for Prompt 02

Project role, available connections, and clear review boundaries.

Suggested clip length 30 seconds

One lead and five specialists

The lead reviews the combined output

Copper Cup campaign context

Discovery Box

Three 100 g coffee bags

USD 29 plus USD 5 shipping

Busy professionals brewing at home

Fictional brand, offer, and audience hypothesis

Shared context guides the campaign

KICKOFF PROMPT

Set up the Copper Cup project with brand facts, campaign briefs, named outputs, specialist roles, and reusable skills.

Copy the full prompt from speaker notes.

Recording for Prompt 01

A project folder with brand context, briefs, roles, skills, and campaign outputs.

Suggested clip length 90 seconds

A reusable skill gives ads a process

KICKOFF PROMPT

Create an ad skill that reads the brief, proposes concepts, generates artwork, and returns supported claims for review.

Copy the full prompt from speaker notes.

Recording for Prompt 03

A reusable ad skill with its frontmatter and completion checks.

Suggested clip length 75 seconds

One brief produces three ad concepts

KICKOFF PROMPT

Create three Instagram ad concepts and images from the Discovery Box brief. Return generation prompts, alt text, and the claim-review checklist.

Copy the full prompt from speaker notes.

Recording for Prompt 04

Three ad concepts and an artwork review package.

Suggested clip length 90 seconds

Three angles, one supported offer

Roast discovery

Try three roast styles

Explore the Discovery Box

Morning brewing

Build your morning recipe

Explore the Discovery Box

Home office ritual

Find your home-office brew

Explore the Discovery Box

The website skill keeps the offer consistent

KICKOFF PROMPT

Create a website skill that preserves the approved offer, produces a responsive preview, and returns source files for review.

Copy the full prompt from speaker notes.

Recording for Prompt 05

A website skill with review and preview checks.

Suggested clip length 60 seconds

Onigiri hands off the offer page

KICKOFF PROMPT

Build a Discovery Box offer page from the approved brief. Keep the product, price, shipping, and campaign CTA consistent.

Copy the full prompt from speaker notes.

Recording for Prompt 06

An offer page preview and editable source files.

Suggested clip length 90 seconds

Skills and agents serve different decisions

Use a skill

A repeatable process

Defined inputs and output

A stable review checklist

The agent can select and apply relevant skills

Delegate to an agent

A goal needing judgment

Choices across skills or sources

Responsibility for an outcome

A small skill library covers this campaign

Workflow	Reusable skill	Reviewed output
Ad concepts	Ad creative	Concepts and artwork
Offer page	Website builder	Responsive preview
Campaign direction	Campaign strategy	Experiment brief
Two-week content	Social content	Six post folders
Campaign evidence	Performance analysis	Metric findings
Lead campaign	Lead magnet + review	Guide and page

Scheduling uses its own approval-aware skill

The Growth Strategist gains a clear role

KICKOFF PROMPT

Create the Growth Strategist role with brand and campaign inputs, named strategy outputs, and a reviewer decision before spending or launch.

Copy the full prompt from speaker notes.

Recording for Prompt 07

A named strategy role with clear responsibility.

Suggested clip length 60 seconds

A growth goal becomes a testable plan

KICKOFF PROMPT

Analyze the supplied campaign data and recommend a testable growth plan. Separate leads from purchases and show calculation assumptions.

Copy the full prompt from speaker notes.

Recording for Prompt 08

Metric findings, a strategy, and an experiment brief.

Suggested clip length 90 seconds

The Content Creator prepares review assets

KICKOFF PROMPT

Create the Content Creator role to prepare audience-specific copy, visual briefs, image prompts, alt text, and a draft schedule.

Copy the full prompt from speaker notes.

Recording for Prompt 09

A content role with traceable source outputs.

Suggested clip length 30 seconds

A Slack request coordinates specialists

KICKOFF PROMPT

Prepare two weeks of social content from the approved Copper Cup brief. Return six post folders, a review PDF, and a draft schedule.

Copy the full prompt from speaker notes.

Recording for Prompt 10

Six post folders, a review PDF, and a draft schedule.

Suggested clip length 90 seconds

Six drafts become a proposed schedule

KICKOFF PROMPT

Prepare a dated calendar proposal from the six draft posts. Request the start date, time zone, and destination before an approved write.

Copy the full prompt from speaker notes.

Recording for Prompt 11

A schedule proposal with the missing inputs identified.

Suggested clip length 75 seconds

Routing gives each request an owner

KICKOFF PROMPT

Update the project routing so repeatable tasks use skills and broader campaign goals delegate to named specialist roles with one review owner.

Copy the full prompt from speaker notes.

Recording for Prompt 12

Routing instructions with output paths and a final reviewer.

Suggested clip length 60 seconds

Campaign data guides the next hypothesis

Campaign	Lead conversion	CPL	Cost / order
Brew guide	20%	\$2.78	\$22.22
Discovery Box	10%	\$6.67	\$16.67
Desk ritual	10%	\$8.33	\$37.50
Gift checklist	20%	\$2.78	\$25.00

Synthetic data · Different objectives · No causal conclusion

The team builds a guide and download page

KICKOFF PROMPT

Coordinate analysis, guide content, artwork, and website implementation.

Return a ten-page brewing guide and a local download-page preview.

Copy the full prompt from speaker notes.

Recording for Prompt 13

A ten-page guide, cover, metric findings, and local form preview.

Suggested clip length 120 seconds

Your ten-minute ad exercise

0–2 min

Read the brand and change the audience

2–6 min

Run one ad concept with the supplied skill

6–9 min

Check claims, offer, CTA, and visual brief

9–10 min

Share one revision with evidence

New audience · People setting up their first home office

A review names the next revision

KICKOFF PROMPT

Review the campaign package for supported claims, audience fit, CTA consistency, visual direction, and alt text. Return specific fixes and a launch recommendation.

Copy the full prompt from speaker notes.

Recording for Prompt 15

A review checklist with specific evidence and revisions.

Suggested clip length 30 seconds

A launch proposal defines the next steps

KICKOFF PROMPT

Prepare the Sites deployment proposal, including storage, consent, privacy, email delivery, spam protection, and an approval checkpoint.

Copy the full prompt from speaker notes.

Recording for Prompt 16

A deployment proposal and an approval checkpoint.

Suggested clip length 30 seconds

Account requirements and rollout

Pro 100 / 200 / 500 · Adults outside EEA, UK, Switzerland

Business Premium · Worldwide rollout

Enterprise · Administrator enablement

Work / Codex tasks use their product limits

Local files and skills need the connected computer

Slack, Notion, and Sites access are separate

Official guidance checked October 4, 2026

The complete teaching-kit inventory

README, setup checklist, and facilitator guide

Brand context, two briefs, and routing instructions

Six agent roles and six local Codex definitions

Eight reusable skills and 16 numbered prompts

Synthetic CSV and metric definitions

Ads, social review pack, offer page, and guide

Learner worksheet, answer, and speaker script

Hidden .agents and .codex folders are included

Prompt sequence and demo shortcuts

01–02 · Project and Dot setup

03–06 · Ad and website skills

07–09 · Growth and content agents

10–12 · Slack, calendar, and routing

13 · Coordinated lead campaign

14–16 · Exercise, review, and deployment proposal

Each prompt names its source files and review boundary

Agent roles and routing reference

Role	Owns	Hands off
Marketing Lead	Intake and merge	Review package
Growth Strategist	Campaign choices	Experiment brief
Content Creator	Audience copy	Post and guide copy
Creative Designer	Visual concepts	Artwork and prompts
Website Designer	Page and form	Preview and source
Growth Analyst	Metric calculations	Findings and caveats

Dot coordinates access across project requests

Troubleshooting and rehearsal paths

Dot missing · Check plan, region, rollout, and admin access

Skill missing · Confirm project root and hidden folders

Role missing · Use portable instructions in Work

Slow generation · Open prepared campaign outputs

Connector absent · Show the draft schedule and handoff

Form failure · Check the local server and PDF path

A prepared output keeps the teaching step available
