

BUILD YOUR AI MARKETING TEAM WITH AGENTS.

Albert Chan + Onigiri
(Personalized ChatGPT Dot)

Your course route

60 minutes with a
10-minute guided exercise

01 Brief the campaign

02 Create reusable skills

03 Assign specialist roles

04 Create your ad concept

05 Review and choose next steps

Choose the right surface

One campaign uses several connected capabilities.

- + **ChatGPT Work**

Prepare research, documents, and campaign files.

- + **Codex**

Manage project files, reusable skills, and checks.

- + **Onigiri (Personalized ChatGPT Dot)**

Track the campaign and delegate named tasks.

- + **Human owner**

Review claims and approve external actions.

Voice can start a task

Keep its link, result, and pending decision in the conversation.

Check access before the lesson

Use the capabilities visible in your account and the supplied fallback files.

01 Work or Codex project

02 Prepared course-files folder

03 Dot access when available

04 Connected computer for local files

05 Image tool or supplied artwork

06 Approved Slack classroom channel

07 Notion access for calendar updates

08 Sites access for launch proposals

Onigiri receives the campaign role

KICKOFF PROMPT

Give Onigiri the Copper Cup project context and ask it to coordinate drafts, local previews, and review decisions.

Copy the full prompt from speaker notes.

Recording for Prompt 02

Project role, available connections, and clear review boundaries.

Suggested clip length 30 seconds

One lead and five specialists

The lead reviews the combined output

Copper Cup campaign context

Discovery Box

Three 100 g coffee bags

USD 29 plus USD 5 shipping

Busy professionals brewing at home

Fictional brand, offer, and audience hypothesis

Voice starts the task and leaves a written result

FOLLOW-UP E

Ask Onigiri to start a separate campaign task and leave its link, checked result, and pending decisions in chat.

Copy the full prompt from speaker notes.

Recording for Follow-up E

A separate task, a written link, and a checked campaign handoff.

Suggested clip length 90 seconds

Shared context guides the campaign

KICKOFF PROMPT

Set up the Copper Cup project with brand facts, campaign briefs, named outputs, specialist roles, and reusable skills.

Copy the full prompt from speaker notes.

Recording for Prompt 01

A project folder with brand context, briefs, roles, skills, and campaign outputs.

Suggested clip length 90 seconds

A reusable skill gives ads a process

KICKOFF PROMPT

Create an ad skill that reads the brief, proposes concepts, generates artwork, and returns supported claims for review.

Copy the full prompt from speaker notes.

Recording for Prompt 03

A reusable ad skill with its frontmatter and completion checks.

Suggested clip length 75 seconds

One brief produces three ad concepts

KICKOFF PROMPT

Create three Instagram ad concepts and images from the Discovery Box brief. Return generation prompts, alt text, and the claim-review checklist.

Copy the full prompt from speaker notes.

Recording for Prompt 04

Three ad concepts and an artwork review package.

Suggested clip length 90 seconds

Three angles, one supported offer

Roast discovery

Try three roast styles

Explore the Discovery Box

Morning brewing

Build your morning recipe

Explore the Discovery Box

Home office ritual

Find your home-office brew

Explore the Discovery Box

The website skill keeps the offer consistent

KICKOFF PROMPT

Create a website skill that preserves the approved offer, produces a responsive preview, and returns source files for review.

Copy the full prompt from speaker notes.

Recording for Prompt 05

A website skill with review and preview checks.

Suggested clip length 60 seconds

Onigiri hands off the offer page

KICKOFF PROMPT

Build a Discovery Box offer page from the approved brief. Keep the product, price, shipping, and campaign CTA consistent.

Copy the full prompt from speaker notes.

Recording for Prompt 06

An offer page preview and editable source files.

Suggested clip length 90 seconds

Give the campaign a process and an owner

Copper Cup uses a reusable ad process, specialist roles, and a human review gate.

A small skill library covers this campaign

Workflow	Reusable skill	Reviewed output
Ad concepts	Ad creative	Concepts and artwork
Offer page	Website builder	Responsive preview
Campaign direction	Campaign strategy	Experiment brief
Two-week content	Social content	Six post folders
Campaign evidence	Performance analysis	Metric findings
Lead campaign	Lead magnet + review	Guide and page

Scheduling uses its own approval-aware skill

Give each agent a lasting role

Growth Strategist

OWNS

A supported growth plan

INPUTS

Brief, brand context, sample data

MAY

Compare data and draft tests

Working boundaries

ASKS BEFORE

Sending, publishing, or spending

WHEN UNSURE

Flag missing evidence or access

DONE WHEN

Sources, gaps, and next test saved

Keep the role stable and send each assignment separately

The Growth Strategist gains a clear role

KICKOFF PROMPT

Create the Growth Strategist role with brand and campaign inputs, named strategy outputs, and a reviewer decision before spending or launch.

Copy the full prompt from speaker notes.

Recording for Prompt 07

A named strategy role with clear responsibility.

Suggested clip length 60 seconds

A growth goal becomes a testable plan

KICKOFF PROMPT

Analyze the supplied campaign data and recommend a testable growth plan. Separate leads from purchases and show calculation assumptions.

Copy the full prompt from speaker notes.

Recording for Prompt 08

Metric findings, a strategy, and an experiment brief.

Suggested clip length 90 seconds

The Content Creator prepares review assets

KICKOFF PROMPT

Create the Content Creator role to prepare audience-specific copy, visual briefs, image prompts, alt text, and a draft schedule.

Copy the full prompt from speaker notes.

Recording for Prompt 09

A content role with traceable source outputs.

Suggested clip length 30 seconds

Limit access to the campaign's needs

01

Read and draft

Read the brief and prepare campaign drafts.

02

Approved updates

Update only the calendar and fields you approved.

03

Specific approval

Confirm sends, launches, spending, and access changes.

Six draft posts can be ready while publishing awaits approval

A Slack request coordinates specialists

KICKOFF PROMPT

Prepare two weeks of social content from the approved Copper Cup brief. Return six post folders, a review PDF, and a draft schedule.

Copy the full prompt from speaker notes.

Recording for Prompt 10

Six post folders, a review PDF, and a draft schedule.

Suggested clip length 90 seconds

Six drafts become a proposed schedule

KICKOFF PROMPT

Prepare a dated calendar proposal from the six draft posts. Request the start date, time zone, and destination before an approved write.

Copy the full prompt from speaker notes.

Recording for Prompt 11

A schedule proposal with the missing inputs identified.

Suggested clip length 75 seconds

Routing gives each request an owner

KICKOFF PROMPT

Update the project routing so repeatable tasks use skills and broader campaign goals delegate to named specialist roles with one review owner.

Copy the full prompt from speaker notes.

Recording for Prompt 12

Routing instructions with output paths and a final reviewer.

Suggested clip length 60 seconds

Read the campaign metrics

720

Landing-page visits

144

Leads

20%

Lead conversion

USD 400

Spend

USD 2.78

Cost per lead

18

Orders

USD 22.22

Cost per order

Brew guide Synthetic example

Lead conversion

$$144 \div 720 = 20\%$$

Cost per lead

$$\text{USD } 400 \div 144 = \text{USD } 2.78$$

Discovery Box has USD 16.67 cost per order. Different objectives limit the comparison.

Use the data to propose a test.

The team builds a guide and download page

KICKOFF PROMPT

Coordinate analysis, guide content, artwork, and website implementation.

Return a ten-page brewing guide and a local download-page preview.

Copy the full prompt from speaker notes.

Recording for Prompt 13

A ten-page guide, cover, metric findings, and local form preview.

Suggested clip length 120 seconds

Your ten-minute ad exercise

Use prompt 14 with the Discovery Box brief and prepare one ad concept.

MINUTES 0–2

Choose one angle

Read the brief and select one audience need.

MINUTES 2–7

Create one concept

Paste prompt 14 and review the copy and image.

MINUTES 7–10

Check and share

Confirm the offer, revise a claim, and show your result.

A review names the next revision

KICKOFF PROMPT

Review the campaign package for supported claims, audience fit, CTA consistency, visual direction, and alt text. Return specific fixes and a launch recommendation.

Copy the full prompt from speaker notes.

Recording for Prompt 15

A review checklist with specific evidence and revisions.

Suggested clip length 30 seconds

Rehearse, repair, and retest

Track accepted results, human corrections, review loops, time, and cost.

STAGE 1

Observe a draft

Record missing inputs and unsupported guesses.

STAGE 2

Repair the rule

Fix the instruction or handoff causing the failure.

STAGE 3

Vary the case

Test missing shipping data or an unsupported claim.

Expand autonomy after evidence

You approve each new permission

Draft-only in class

Scheduling and routing retain your approval boundaries

A launch proposal defines the next steps

KICKOFF PROMPT

Prepare the Sites deployment proposal, including storage, consent, privacy, email delivery, spam protection, and an approval checkpoint.

Copy the full prompt from speaker notes.

Recording for Prompt 16

A deployment proposal and an approval checkpoint.

Suggested clip length 30 seconds

A daily brief and a focused follow-up check

FOLLOW-UP G

Draft today's brief, then propose a weekday update and focused follow-up check. Keep schedules disabled.

Copy the full prompt from speaker notes.

Recording for Follow-up G

A decision-first brief and two schedule proposals awaiting review.

Suggested clip length 75 seconds

Account requirements and rollout

Pro 100 / 200 / 500 · Adults outside EEA, UK, Switzerland

Business Premium · Worldwide rollout

Enterprise · Administrator enablement

Work / Codex tasks use their product limits

Local files and skills need the connected computer

Slack, Notion, and Sites access are separate

Dot guidance checked October 10, 2026

Your complete teaching kit

Open the workbook first.

Copy a prompt, inspect its inputs, and check the result.

- + **Context and briefs**

Fictional brand facts and two campaign briefs.

- + **Roles and reusable skills**

Six specialist roles and eight skill folders.

- + **Prompts and instructor notes**

16 numbered prompts, seven follow-ups, and scripts.

- + **Sample data and draft outputs**

Synthetic CSV, ads, guide, pages, and review files.

- + **Recordings and course exports**

Demo checklists, video frames, deck PDF, and workbook.

Choose your next practice step

- + **Start with the project**

Prompts 01–02 confirm context and access.

- + **Create the campaign assets**

Prompts 03–13 cover skills and specialist handoffs.

- + **Review your ad concept**

Prompts 14–16 cover exercise, checks, and launch planning.

- + **Extend the coordination**

Follow-ups A–G cover roles, voice, Pages, and briefs.

Download your course kit

Workbook, full prompts, source files, and recording checklists.
